

2010 SPRING INTERNSHIP PROGRAM

RECRUITMENT

Stipend: \$500/wk stipend

Job Description: VISTA SCIENCES CORPORATION
2010 SPRING INTERNSHIP PROGRAM ANNOUNCEMENT

Vista Sciences Corporation, a New Mexico business, has been contracted to provide summer interns to the Army Sustainment Command and the Army Joint Munitions Command. The intern appointments are for a period of 15 consecutive weeks and provide an opportunity for juniors, seniors and recent graduates in the following fields of study, to gain practical experience in a work assignment at an Army facility.

Students in the following fields of study are needed:

**History, Journalism, Communications,
Marketing, Safety, and Analytical Areas
Engineering and Sciences
Business Admin/Mgmt/Accounting/Law
Computer Sciences and Engineering**

The intern appointments carry a \$500/wk stipend, with lodging and to-and-from worksite transportation paid during the 15-week appointment. The Army will assign a specific project to each intern and provide the necessary supplies, tools, and equipment necessary to complete the project. Each project will be assigned for performance under a Task Unit Order issued by the Army. The Army personnel will oversee the performance of the project and provide direct management and supervisory assistance to ensure its successful completion.

Work assignments for the interns will be at these and other locations:

- Rock Island Arsenal; Rock Island, Illinois
- Crane Army Ammunition Activity; Crane, Indiana
- Anniston Defense Munitions Center; Anniston, Alabama
- McAlester Army Ammunition Plant; McAlester, Oklahoma
- Pine Bluff Arsenal; Pine Bluff, Arkansas
- Tooele Army Depot; Tooele, Utah
- Fort Bragg, North Carolina
- Milan Army Ammunition Plant; Milan, Tennessee

Qualifications: **Students must be U.S. citizens; have a minimum GPA of 2.5/4.0; be enrolled juniors or seniors, or be recent graduates (about 6 months); pass a background check; and be prepared to be onsite at their work location from January 11, 2010 through April 23, 2010.**

Application Instructions: E-mail resume and most recent unofficial transcript to Dr. Romy Ledesma, MCRP Internship Program Manager at: romy.ledesma@vistasciences.com
