Follow the appearance of this instruction page. The abstract must fit in one page. Please use Times New Roman font throughout the abstract. The margins are 1.25 inches left and right, 1 inch top and bottom. The title, authors’ names, and college affiliations are all centered. The title should be 14 point. All the rest of the abstract is 12 point. The title and authors are bold, and the institutions are italicized. Single-space the abstract. Skip two lines between the title and the authors, one line between authors and affiliations, and two lines again between affiliations and the body of the abstract. If there are multiple authors, link the authors’ names to their institutions with superscript numerals and identify the presenter with an asterisk, as shown. If there is one single author, do not use numerals or asterisks.

The abstract can be written in one paragraph, but if you use multiple paragraphs skip one line between paragraphs. At the end of the abstract, you may also put a short paragraph acknowledging the financial support of a sponsor, like “This research was supported by Alfa Beta Gamma (ABG) through grant number XYZ-1234.” Send your abstract in electronic form as a Word document to the URS website (not to individual committee members) as directed in the call for papers.
