The student failed to meet the standards of Satisfactory Academic Progress (SAP) for financial aid. It has been determined that the student needs more than a single semester to remediate their cumulative GPA or overall completion rate of coursework. The advisor's role in developing this Academic Plan is to assist the student in understanding how best to structure their coursework so that they can improve their GPA, avoid unnecessary withdrawals, and complete their degree.

SECTION A. Academic Services			
Indicate the services below that the student may need to improve their performance. Academic services (e.g. advisement, counseling, support, tutoring) are mandatory for students under certain conditions, and are solely up to the student success center. SASCS may periodically indicate new areas of improvement after a satisfactory academic progress (SAP) review or academic counseling, and mandate services in order to improve your performance.
