Do you want to build your leadership skills while potentially earning college scholarships? See me about joining our Beta Club Chapter.

MY EDUCATION TIMELINE

WHERE I WENT TO SCHOOL:

- Phoenix Magnet Elementary
- University Elementary
- Caddo Parish Middle Magnet School
- Caddo Parish Magnet High School

TEACHING EXPERIENCE:

I began teaching Biology in a traditional classroom setting in 2013. Prior to that, I served as the manager and educator for the research laboratory of the Obstetrics and Gynecology Department at the University of Mississippi Medical Center.

ABOUT ME

I am a lover of adventure and learning new things, which I try to incorporate into my teaching style. I welcome any opportunity to look at the world from a different angle and encourage my students to do the same. I believe innovative thought is the foundation for solving the world's ails.

In my free time, I enjoy reading, web design and hiking. I am a wife and mother of three as well as a member of many community organizations including TAPS, WOC Podcasters, and MSSTA. I try to stay actively involved in the local and global community as well as bring awareness to women's issues.

I am so excited to build relationships and work with all of you. Our school year is sure to be phenomenal and unique; gear up for the challenge!
