- **Intervention Specialist**, Jackson Public School District

ABOUT ME

Another summer has flown by and we are set to begin what promises to be an exceptional school year!

I have always and will always be a teacher! I must admit that in my personal life, I am often times reminded by my family and friends that it is okay to steer away from teacher mode at times! When I am not working, I enjoy spending time with family, cooking, and baking.

In my role at the ECHS, it is my duty to ensure that all students are successful and ensure that they have the necessary supports available. I consider serving each of you as a privilege but a tremendous responsibility as well.

I would like to extend a warm welcome to each of you! We are elated to have you as members of the ECHS Family. I am excited about entering this inaugural year here and look forward to meeting all of you in the coming weeks!
