

At Frito-Lay, we're all about good fun — from making tasty snacks to get your party started to taking care of our 50,000 employees who know how to find the fun in everyday challenges. As a proud member of the [PepsiCo](#) family, [Performance with Purpose](#) is what we work to achieve every day. And to us, that means creating the high-quality snacks our fans deserve, while caring for our people, communities and the environment we share.
