

The Children's Hospital of Philadelphia (CHOP) Research Institute Summer Scholars Program (CRISSP)

Applications are now being accepted!

Undergraduates with a minimum 3.3 GPA and a strong interest in biomedical research are encouraged to apply.

CRISSP is a 10-week competitive summer internship program for undergraduate students interested in careers in the biomedical sciences. CRISSP offers opportunities in basic, clinical, behavioral, and translational research. In addition to completing an independent research project, interns learn basic techniques and gain exposure to how research is conducted under the direction of CHOP faculty.

Twenty-five positions are available. All participants will have multiple opportunities for clinical shadowing and broad exposure to biomedical research careers.

The application deadline is February 1, 2015.

For application and program information please visit our website at <http://www.research.chop.edu/programs/crissp/>.
