MARCH/APRIL 2016

VOLUME VI

Message from the Vice President

As the academic year comes to an end, it is my prayer that you had a successful semester and have solidified your plan for the summer, i.e. employment, internship, summer school, community services, etc. Please use the knowledge and skills that you have acquired this year or during your four years from Tougaloo College, to Cultivate your Gift! If you by chance have not made a plan, please do so expeditiously.

I am ecstatic at the prospect of sending another group of eaglets into the world to become servant leaders not only in their communities but the global world. We are proud of you and appreciate you allowing the Division of Student Affairs to serve you. I extend congratulations to the Class of 2016 and wish you many blessings in your future endeavors.

Congratulations
Seniors
Good Luck!

PUBLIC SAFETY

Active Shooter Drill

The entire community must be prepared to respond quickly and effectively to an active shooter incident, should it occur on campus. You should know the CODE RED – Lockdown Procedure. This “mock drill” was to determine the level of preparedness by the Department of Public Safety, administrators, building captains, and First Responders to respond to such an incident to gain a positive outcome of the occurrence. Be Prepared. Learn How to Respond.
